Dear Anoop,

It is my esteemed pleasure to connect with you and your team of Digital Nalanda:

<https://www.digitalnalanda.com/home>

Department of Travel & Tourism, Vishwakarma University under the leadership and vision of HOD Prof. Aarti Suryawanshi is progressing fantastically. As part of our CSR commitment, we want to give free education to the underprivileged and marginalised students in society. Kindly give an appropriate space and publicity to the Vishwakarma University during media releases related to this CSR initiative.

I will teach a twelve hours research methods course called "STAR: First Steps Towards Academic Research". It will include six sessions each for two hours. The broad topics are:

1. Introduction to social science research - process, literature review, measurement
2. Research approaches
3. Ethics in research
4. Sampling
5. Quantitative methods and analysis
6. Qualitative methods and analysis
7. Using R for research writing and communication

We can start this course around 15 December 2021 and complete it around 31 December 2021. Morning 9 to 11 sessions on Tue - Thur - Sat is okay with me.

Please feel free to ask any questions and suggest revisions.

Warm regards,

Dr Ajay Kumar Koli

Dear ma'am,

An update about our CSR initiative in collaboration with Digital Nalanda.

The advertisement flyer is released with all details, please find the attachment. At the latest, around fifty students are already registered for this course.

Regards,

Dr Ajay Kumar Koli

Dear ma'am,

I'll try. But it seems difficult as the flyer is already in circulation. Certainly, we can ask VU logo in the final appreciation letter from Digital Nalanda.

Regards,

Dr Ajay Kumar Koli
